VIGOROUS PROTEST MADE AGAINST RAISE IN PHONE RATES

ST. PAUL HOUSEWIVES' LEAGUE SAYS COMPANY IS ADDING INSULT TO INJURY

(By United Press)
St. Paul, Dec. 15.—War between telephone subscribers and telephone companies who are asking permission to add \$4,500,000 annually to their Minnesota earnings, today started before the state railway and warehouse commission. City officials, civic organizations, women's clubs and individual subscribers were represented at the opening session. The hearing today was on the application of the Northwestern Telephone company for permission to increase rates so that its gross earnings would be increased \$2,945,575 a year. C. D. Gould, Minneapolis city attorney, not only filed a protest, but asked that applications of the telephone company be dismissed without further hearing.

The St. Paul Housewives' League sent a protest asserting that the telephone company was adding insult to injury by asking for permission to increase their rates, before service was improved. The Ramsey County League of Women Voters filed a protest, asserting that an increase in rates would be a "breach of faith."

J. H. McDonald, St. Paul safety commissioner, also submitted a protest as an individual and as a representative of subscribers.

Commissioner J. C. Mulholland of the state railway and warehouse commission of North Dakota, sat in with Commissioners F. W. Putnam and O. P. B. Jacobson of the Minnesota commission at the hearing today.

It is expected the state commission will announce that arguments for and against the applications will be heard a week from today. At this time it was expected that protesting parties will be given an opportunity to present oral arguments against proposed increased rates.

BIG SLUMP IN LIVESTOCK PRICES

HOGS DROPPED 25c, AND VEAL CALVES FELL 50c FROM YESTERDAY

(United Press)
South St. Paul, Dec. 15.—Livestock slumps in cattle and hogs recorded new low markets today.

Hogs sold off twenty-five, beef going \$8.25 to \$8.35. Veal calves established a new low slump of fifty cents from yesterday. Canner cows sold to \$2.50 and \$2.75. Beef steers ranged from \$5.75 to \$9.75. Sheep and lambs opened at twenty-five cents but sold stronger later.

BELIEVE BALLOON, PASSENGERS SAFE

(United Press)
Rockaway Point, N. Y., Dec. 15.—Officials at the naval air station here were confident today that the naval balloon A-5598 which started for Canada Monday with three passengers, would soon be reported safe.

Lieutenants Walter Hilton, S. A. Farrell and A. K. Kloor left in the balloon which is the old-fashioned type with no motor power.

Believed Balloon Forced to Descend.

Somewhere among the windswept Alondacks today the clumsy naval balloon with three passengers, was isolated from civilization.

The huge aircraft, swept northward by the howling gales, is lost. It was believed it was stationed either among the snow clad hills of northern New York state or on the Canadian border. Reports that it had fallen into Saranac lake with the crew of three, or had been dashed against the side of Fork mountain by the high winds, were discredited by naval officials who expressed great confidence in the ability of Lieut. Walter Hilton, hero of the NC-4 trans-Atlantic flight, who was in command.

It was believed the three had been forced to descend in some uninhabited spot where communication with the station here would be impossible. Even in that case it would mean they undoubtedly would have suffered as they carried little food.

MILLION DOLLAR ROLLER MILL FIRE UNCHECKED AT NOON

(By United Press)
Madison, Ill., Dec. 15.—A million dollar fire which broke out in the rolling mills here was burning unchecked at noon and threatening an adjoining plant of the American Car & Foundry company.

Committee to Codify State Dairy and Food Laws; Holds Meeting

(By United Press)
St. Paul, Dec. 15.—The commission appointed by the last session to recodify the state dairy and food laws will hold hearings on proposed changes Friday morning at the capitol. Food manufacturers, dealers and the public will be given an opportunity to express their views at the hearing, according to A. F. Pratt, assistant attorney general, who has been conferring with the committee for the last two weeks.

GRANTING SOLDIER BONUS HARDSHIP ON THE TAXPAYERS

SAYS SENATOR McCUMBER, ACTING CHAIRMAN OF SENATE FINANCE COMMITTEE

A. L. BRADFORD
(United Press Staff Correspondent)
Washington, Dec. 15.—Granting of a soldier bonus at present would inflict great hardships on taxpayers, Senator McCumber of North Dakota, acting chairman of the senate finance committee, declared today.

The fight to have the senate adopt the bonus act passed by the house last session, was opened today before the senate finance committee by representatives of the World War Veterans.

A decision on the bonus will be reached at this session of congress, McCumber predicted.

"I have no doubt congress eventually will grant a liberal bonus to the veterans," said McCumber, "but the principal question now is whether it would be wise to grant it at the present time."

Governor Will Wind Up Public Safety Commission

(By United Press)
St. Paul, Dec. 15.—The Minnesota public safety commission, appointed by Governor Burnquist when the world war began, will hear its formal funeral oration probably this week, Governor Burnquist indicated today. He called a meeting of the commission to wind up its business today.

The commission has been practically inoperative since the signing of the armistice. It has a treasury balance of \$50,000. Its original appropriation was \$1,000,000. The governor issued a proclamation announcing termination of the commission's activities.

Aged Man is Arrested For the Larceny of \$300,- 000 From Two Banks

(By United Press)
Boston, Dec. 15.—Edward Davis Rice, 70, of the Edward H. Rice & Company, a prominent club man, was arrested here today on a warrant charging him with the larceny of \$300,000 from two Boston banks.

Rice was alleged to have obtained \$150,000 from one bank under false representation. The charges against him, according to his attorney, are based on alleged incorrect statements.

Clothing Manufacturers Today Put in Effect the Piece Work System

(United Press)
New York, Dec. 15.—Clothing manufacturers here today put into effect the piece work system. This was expected to bring to a crisis the employers' dispute with the Amalgamated Clothing Workers. Another big garment workers' strike is now in prospect.

IRRECONCILABLES FEAR SEN. HARDING FAVORS LEAGUE

PRESIDENT-ELECT CONTINUES TO CONSULT PROMINENT MEN ON PUBLIC QUESTIONS

RAYMOND CLAPPER
(United Press Staff Correspondent)
Marion, Ohio, Dec. 15.—Rumbles of possible insurrection among republican irreconcilables in the senate were reaching President-elect Harding through various channels today.

He may call some of their leaders to Marion shortly with a view to nipping any insurrection movement.

Primarily the irreconcilables fear Harding is leaning too far in favor of the league of nations, according to reports received here.

Among other sources of apprehension is the new cabinet and the belief that Harding intends to appoint Hoover; another is the fear that he is not planning a sufficient progressive and domestic program.

Harding is in close touch with the senate situation.

Raymond Robins, Chicago progressive, was to be here today to lay before Harding the view of his own wing of the party as to the domestic situation and the labor situation.

Farm Credits Must Be Given to Keep Up Production

(By United Press)
St. Paul, Dec. 15.—Production must be maintained, and wherever possible, farm credits both short and long terms, must be granted, in the opinion of E. J. Quamme, president of the St. Paul Federal Land bank.

Farmers need short credits for operating expenses, and usually small country banks can furnish this for thirty or ninety days. Long time loans on livestock, buildings and land should be granted at a low interest rate, he said, suggesting a period up to thirty or forty years.

Quamme agreed with bankers and farmers who conferred at Owatonna yesterday, that the farm assets, because of the nature of the business, are not as liquid as merchandise. For this reason most farm business is eligible for re-discount in the federal reserve and other institutions.

Another meeting for discussion of the financial situation as affecting farmers, will be held at Crookston tomorrow and at St. Cloud Friday.

Block Ratification of Columbian Treaty

Washington, Dec. 15.—Notice was served on the senate today that any attempt to get the Columbia treaty ratified this session will be blocked. Senator Poindexter, republican, made this statement during discussions of the treaty brought up by Senator King, Utah democrat.

UNIONIZE INDIA, PLAN OF BRITISH LABOR LEADERS

By WEBB MILLER
(United Press Staff Correspondent)

London, Dec. 15.—A gigantic labor union is being organized in India by leaders who frankly state that they will attempt to use the strike weapon to obtain political independence for India. Ben Spoor, British labor member of parliament, who is going to India in the dual role of emissary of the English Labor Party and as a delegate to the India National Congress which meets at Nagpur, Dec. 15, is very optimistic about the spread of unionism in the land of the Rajah.

"The Labor Federation of India is a two-bladed sword with which the Indian workers can sever the ties of British rule and economic slavery at the same stroke," declared Spoor to the United Press. "The Federation will speedily enroll millions of workers, as all that is necessary is to organize the different castes, which are themselves really iron bound unions, simply awaiting leadership.

"The strike is a new weapon in Indian hands, but they are beginning to feel its power, which accounts for the epidemic of strikes now breaking over India. I have no doubt but that India will see the growth of the biggest centralized union in the world within the next year or two and it is natural that direct action should follow along the lines of a struggle for political freedom. The British labor party is in closest accord with the aims of the Indian labor movement and I am empowered to extend them our fraternal greetings and promise of assistance."

The National India Congress, one of the biggest political organizations in the world, with a membership of over seven millions, pledged to work for India's freedom, has pledged its resources to aid the laborites, according to Secretary Blizard, of the British Committee of the Congress.

"The fact that some of our members are in the capitalist class will not prevent us extending co-operation to the Indian labor movement," he said. "We expect the labor federation of India to become our most effective ally. We have backed Gandhi and his non-violent non-cooperation, but naturally this is a slow way of arousing the national consciousness. India is unquestionably in the mood for a radical organization to assume leadership."

Small Towns Protest Against Rate Increase

(By United Press)
St. Paul, Dec. 15.—Representatives of small towns as well as larger cities will appear before the state railroad and warehouse commission here today to protest against possible higher telephone rates. The Northwestern and Tri-State companies have applied for permission to increase their rates and many protests have been received by the commission. Protesting subscribers will be asked to appear and testify before the commission today.

BRENNAN STAYS TWELVE ROUNDS WITH CHAMPION

GIVES DEMPSEY THE HARDEST FIGHT HE HAS HAD IN HIS CAREER

BY HENRY FARRELL
(United Press Staff Correspondent)
New York, Dec. 15.—The world's heavyweight crown still rests on the scowling brow of Jack Dempsey.

But the face under it looked somewhat different today.

The left ear of the champion was smashed and torn, his lips puffed out and cut, his jaw swollen and his eyes were puffed and red.

He was in bed tired and worn from going the long distance fight of his career and from taking the worst beating.

Bill Brennan, the big Chicago heavyweight, stayed twelve rounds with the "man killer" last night in Madison Square Garden, and these twelve rounds made the champion work the hardest he has ever worked and took more punishment than he has even taken.

He got two vicious knocks in the stomach and a smash on the head in the middle of the twelfth round, which folded Brennan up and he fell on his elbow in the corner knocked out.

Dempsey Asked to Defend Title
An offer of \$50,000 to defend his title against Harry Greb, in a ten round bout, in Philadelphia, has been made to Jack Dempsey by John McCurdy and John Bell, of Pittsburgh.

Brennan Wants Return Match
New York, Dec. 15.—Bill Brennan wants a return match. Jack Dempsey, the heavyweight champion, in his apartments at Riverside Drive, expressed surprise when given this information.

"Why, didn't he get enough?" the champion asked.

The heavyweight mumbled surprise that the Chicago fighter whom he knocked out in the twelfth round last night, hadn't had enough of his punch.

"I am not making matches, but you can say I have always been willing to meet them all," he said.

Brennan pronounced himself in "pretty good shape" today.

"Dempsey beat me because he is the best fighter in the world. Seems to me I made a pretty good showing against him, and will be willing to try again. I want a return match. I earned a lot of things last night that could help me."

League Discusses the Financial and Economic Questions

(By United Press)
Geneva, Dec. 15.—The league of nations continued discussion of the financial and economical questions in their assembly here today. The assembly authorized establishment of a commission to act as bankers for European nations embarrassed by lack of credit.

Lucky Dog!

(By United Press)
Chicago, Dec. 15.—"Rex," a pet poodle, is made heir to \$8,000 left by his mistress, Mrs. Rose E. Porter, according to a will filed in probate court here.

The will provides that "Rex" shall be given a daily bath, plenty of sour kraut and a Christmas tree each year. Rube F. Jobling, of Cascade Locks, Ore., her half brother, was left \$5,000.

WILSON APPOINTS MORGENTHAU AS ARMENIAN MEDIATOR

(United Press)
Washington, Dec. 15.—Henry Morgenthau, former American ambassador to Turkey, has been appointed President Wilson's personal representative to mediate in Armenia, it was learned today.

Wild Ducks Bred in Captivity.
Four species of existing wild ducks are easily domesticated. These are the mallard, the black mallard (a distinct species), the wood duck and the blue-winged teal. The green-winged teal and the canvasback (beloved of the epicure) have been bred successfully in captivity.

HOUSING CONDITIONS ROB THE GIRLS OF COURTING PARLORS

(United Press)

Chicago, Dec. 15.—Housing conditions have robbed young girls of "courting parlors," according to Miss Mary Barthelme, juvenile judge, who today advocated establishment of meeting rooms in every school.

Invite parents to come to the school parlors to visit their daughters.

Provide some games, a piano in one room and leave two or three rooms for private discussion, she said.

Janitors Will be Evicted if They Strike

(United Press)

Chicago, Dec. 15.—Six janitors, scheduled to strike Jan. 1, unless they are given a fifty per cent wage increase, will be evicted from their homes if they carry out the strike, according to plans announced today by the landlords.

Occupation of the premises ceases with his employment and he is a trespasser and will be treated as such, said John Carroll, representing the landlords.

NAVAL COMPETITION CONSIDERED BY THE HOUSE COMMITTEE

MUST DECIDE WHETHER TO ADOPT NEW PROGRAM OR DISARMAMENT

RALPH TURNER,
(United Press Staff Correspondent)

Washington, Dec. 15.—With the United States at the cross roads leading either to naval competition or a world agreement to limit armament, the house naval affairs committee today set out to learn what the other great powers are doing in warship construction business.

To gain this information the committee called on Rear Admiral Robert E. Coontz, chief of naval operations. Data obtained today in naval circles include facts which Coontz was expected to elaborate upon before the house committee as follows:

1.—Great Britain, while possessing tonnage almost twice that of the United States, has checked her building program for the present.

2.—The United States on the basis of a program now under way, will surpass Britain's naval strength by 1925 unless Britain adopts a new building measure.

3.—Japan, while actively engaged in building both large and small war crafts, will remain far behind the United States when this country's program is completed.

Sinn Feiners Trying To Interest Foreign Nations in Cause

WEBB MILLER,
(United Press Staff Correspondent)

London, Dec. 15.—Sinn Feiners today increased their efforts to interest foreign nations regarding activities in their cause.

Lord Mayor O'Callaghan, of Cork, spread broadcast appeals for intervention in Ireland. He offered to testify before an English tribunal regarding the Cork fire but preferred to give his evidence before an international organization.

Reports of isolated attacks on the military continued today. Sinn Feiners gained a small success in a few instances but there was no heavy fighting.

A Bird of a Pun.

The prize for the season's worst pun goes to Christopher Morley. Observing four ladies waiting outside a pay car on a siding, ready to "bone" the men as they come out for a contribution to some, doubtless, worthy cause, he paraphrastically commented: "Where the car-cash is, there are the mullet yers."—Boston Transcript.

A Touch of Witchery.

Witchery is always a mystifying game to play. One of the players leaves the room, agreeing to tell who of the company holds his right hand high over the head while he is out of the room. When he returns all hands are extended to him and he can detect at a glance the hand he seeks, because the blood has left it, leaving it whiter than the others.—Exchange.

CABLE LANDING FIGHT IS AIRED BEFORE SENATE

COMMITTEE WAS TOLD LACK OF CABLE FACILITIES HAS HAMP- ERED BUSINESS

L. C. MARTIN
(United Press Staff Correspondent)

Washington, Dec. 15.—The lack of adequate American cable facilities between North and South America with a resulting check of the trade relations and dissemination of news, was told today to the senate committee which is investigating the cable situation.

Walter S. Rogers, one of the American delegates to the international communication conference, told the committee how the United Press initiated the dissemination of news in South America. He said news agencies say there is a great demand in South America for news from this country and that it is printed fully.

Rogers said the United Press was followed into this field by another news agency. The demand for American news is tremendous, he said, as instanced by the way the United Press dispatches are displayed in South American newspapers. He urged that greater facilities for transmission of such news be afforded.

The fight between the government and the Western Union Telegraph company over the government's efforts to prevent the landing at Miami of a Western Union cable which was to connect with British-owned South American cables at Barbado, was aired before the committee.

Acting Secretary of State Davis maintained the government was upholding traditions and precedents in acting as it did. Newcomb Carleton, president of the Western Union, upheld the company's side of the controversy.

BIG DROP IN FOOD PRICES

SUGAR DROPPED 50c TO \$9, BUT- TER DECLINED 15c AND PORK 30 PER CENT IN DEC.

(By United Press)

St. Paul, Dec. 15.—The ultimate consumer was having his inning today according to retail merchants who announced big declines in food prices.

Sugar dropped fifty cents to nine dollars and was retailing at ten cents a pound. Butter declined fifteen cents and canned vegetables fifteen to twenty-five per cent in the last week, it was said.

Pork has declined fully thirty per cent since the first of December, but beef and mutton has not declined, it was said, because the bottom has fallen out of the hide market. Many other commodities have dropped within the last month and prices are nearing pre-war levels, according to the merchants.

American Precedent For Cable Landing Re- fusal Without Permit

L. C. MARTIN,
(United Press Staff Correspondent)

Washington, Dec. 15.—American precedents and traditions were upheld by the state department in refusing to permit the Western Union Telegraph Co. to land a cable at Miami, Florida, without a permit, Norman M. Davis, acting secretary of the state, told the senate committee today at the beginning of the hearing on the cable situation.

Further revelations in the controversy between the United States and four other great powers on the division of former German cables may be forthcoming.

Thirty Major League Players May Lose Jobs

(By United Press)

New York, Dec. 15.—Thirty major league ball players may find themselves lacking baseball jobs next year, according to reports as the National League went into session here yesterday. Rumors were current in crowds here that gambling disclosures last summer will result in dismissal of fifteen players from each league.

THE WEATHER

Forecast for next 24 hours:
 Minnesota—Fair tonight and Thursday, somewhat warmer on Thursday in the northwest portion.

FRIENDS TELL OTHERS

That How Fame Spreads

H. H. Von Schlick of 210 Third avenue, Pittsburg, Pa., has received thousands of letters telling him how he has done so much good—one letter tells how his Bulgarian Blood Tea broke up a bad cold quickly; another tells how it saved them from the "flu" or pneumonia; another tells how it helped to knock out rheumatism; another tells how it relieved constipation; another tells how it helped their stomach and bowels.

No wonder it is being used by millions of people praising its great worth as a reliable first-aid family medicine. It will pay every reader of this item to apply at once to their druggist or grocer for a box of Bulgarian Blood Tea—then they will be able to tell the goods news to others.

Watch your feet—remember your 52 bones laced up in your shoes. For instant relief of foot aches see Oberst "The Foot Expert." 16513

NOTHING BUT WEATHER

The December Brand as Compiled From Weather Records for the Past Seven Years

December is a month full of various kinds of weather and a study of the government weather records back to 1913 shows this month in 1920 to have been of April brand.

1913—Highest registration was 55 degrees on Dec. 11 and the lowest point was 5 below of December 25. The month was fairly mild.

1914—Highest record 44 on Dec. 6; lowest was 27 below on Christmas day. A below zero section started Dec. 13 with 4 below and continued below, except two days, the rest of the month.

1915—Highest point was 35 on Dec. 7 and the lowest 8 below on Dec. 20. On Christmas the mercury registered 12 above.

1916—Highest point 52 and Dec. 3 and lowest 24 below on Dec. 14 and 18. On Christmas the thermometer recorded 9 below. There was a below zero group of days starting Dec. 10 with 1 below, then warming to 5 above on Dec. 11 and 4 above on Dec. 12, again slipping below zero to 21 below Dec. 13 and continuing below zero to Dec. 30. It was 9 below on Christmas.

1917—Highest 45 on Dec. 19 and lowest 36 below on Dec. 29. Christmas was cold, 21 below. The coldest weather was bunched in from Dec. 5 to 15 ranging from 5 below to 50 below. Then it moderated and another cold spell ran from Dec. 24 to Dec. 30 ranging from 4 below to 36 below.

1918—Highest 40 on Dec. 9 and lowest 3 below on Christmas. It was fairly moderate, the only below zero weather being Dec. 23 with 2 below, Dec. 24 with zero, Dec. 25 with 3 below and Dec. 31 with one below.

1919—That December appears to have been the coldest for long continued cold. That one who has basked in April showers this December may fully appreciate what we had dished up last year, the Dispatch gives the government record in full:

Dec. 1 8 below
Dec. 2 26 below
Dec. 3 14 below
Dec. 4 Zero
Dec. 5 11 below
Dec. 6 8 above
Dec. 7 12 below
Dec. 8 26 below

Requires Careful Handling.
Jud Tunkins says that when money makes the mare go, it takes a pretty smart driver sometimes to prevent a smashup.

Dec. 9 15 below
Dec. 10 23 below
Dec. 11 5 below
Dec. 12 4 below
Dec. 13 23 below
Dec. 14 13 below
Dec. 15 28 below
Dec. 16 10 below
Dec. 17 7 below
Dec. 18 3 below
Dec. 19 6 above
Dec. 20 19 above
Dec. 21 19 above
Dec. 22 20 above
Dec. 23 10 above
Dec. 24 7 below
Dec. 25 20 above
Dec. 26 25 above
Dec. 27 10 above
Dec. 28 2 above
Dec. 29 21 above
Dec. 30 14 above
Dec. 31 10 below

The cold weather of 1919 was early in evidence. Six inches of snow fell in October and stayed on the ground all winter. The highest temperature recorded was 63 above on Oct. 8 and 7 above on Oct. 28.

In November of that year 10 inches of snow fell. The highest temperature was 42 on Nov. 16 and the lowest 10 below on Nov. 30. On Nov. 13 the thermometer registered 5 below.

December's record has been given. Heavy snow fell.

In January 1920 five inches of snow fell. The highest temperature was 33 on Jan. 12 and 25 below on Jan. 25. Every day except ten days the mercury registered from 4 below to 25 below.

In February of this year the highest temperature was 30 on Feb. 1 and the lowest 27 below on Feb. 15. There were 15 below zero days and four and a half inches of snow.

March this year was cold, the high record being 64 on March 31 and the lowest 22 below on March 5 and 6. There were five below zero days and two and a half inches of snow.

In April the high temperature was 57 on April 29 and the lowest 5 above on April 3.

So taking all things in consideration no Brainerd man has any objection coming when sizing up the temperature given us this month of December this year of 1920 A. D.

Coffee Social

A coffee social for the benefit of the Finnish Lutheran church will be held Thursday evening, Dec. 16, beginning at 8 o'clock, in the home of Mr. and Mrs. Ralph Mudge, Fourteenth street. All are cordially invited to attend.

Ladies Aid

The Ladies Aid of the Swedish Baptist church will meet on Thursday afternoon at 2:30 o'clock in the basement of the church. All members are asked to be present, and all visitors welcome.

First Baptist Church

The mid-week prayer will be held tomorrow, Thursday evening from 8 to 9 o'clock when all members and friends of the First Baptist church and congregation are urged to be present. The first lesson on personal evangelism will be taken up and it is hoped that an enthusiastic response will be made. The pastor will lead. Everybody is welcome.

Egg Long as a Bean.

Egg of birds are among the loveliest things in nature, and they have always held a great fascination for man, says the American Forestry Magazine. From the tiny hummingbird's egg, no longer than a bean, to the giant ostrich's egg, which is between five and six inches in diameter, there is every gradation in size.

Only One "Came Back."

It is safe to say that no President was ever otherwise than sorry to leave the White House—a remark which, of course, does not apply to Washington, inasmuch as he never occupied the mansion. Five men—Van Buren, Fillmore, Grant, Cleveland and Roosevelt—tried hard to get back. Of these Cleveland alone succeeded.

"Molesophy."

"Molesophy" is the delineation of character and reading of the past and future by means of moles on the human face and body. It is an even more ancient occult science than that of palmistry.

Fatigue and Production.

Curiously, recent observations have shown that production actually increases with fatigue within certain limits; feverish haste and a dislike of not finishing up are not infrequent even when the work is not congenial.

Teak Wood.

Teak wood is used mostly in India because it is the only wood that will resist the attacks of the white ants of India.

Exercise Can Be Overdone.

There is a great deal of falsity about the assumed value of exercise in the open air, states the Medical Record. In moderation, that is within the individual limits prescribed by bodily limitations fixed by nature for each person, nothing is better. Proper exercise is as essential as food or air, but the growing boy in his excess of enthusiasm and knowing no limits to his endurance greatly oversteps his bounds in many cases and invites disaster.

She Says It Can't Be Beat

Deep seated coughs that get hold of one in Autumn should be stopped now or they may continue all winter. Mrs. Wm. F. Davis, R. F. D. 1, Short Creek, W. Va., writes: "Foley's Honey and Tar can't be beat for colds." It checks coughs and bronchial irritation, heals raw, inflamed throat, loosens phlegm. H. P. Dunn, druggist, mwf

Cut This Out—It Is Worth Money

Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., address clearly. You will receive in Chicago, Ill., writing your name and return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets. H. P. Dunn, druggist, mwf

SENATOR LODGE'S PACIFIC ALLIANCE

The Minneapolis Journal has editorial comment on "Senator Lodge's suggestion of an affiliation between the United States, Canada, New Zealand and Australia".

This is a good idea, for in the world war Americans, Canadians, New Zealanders and Australians go along famously. The democracy of these four has something in common.

They are concerned over developments in the Pacific ocean. They are equally interested in labor conditions, in immigration questions in trade, etc. They speak a common language. They have no dim and mouldy past, but with eyes open and unafraid face the future with all its golden possibilities.

A man is a man for what he is and does, not for what a line of famous ancestors may have done.

All are exponents of the square deal and believe in an open, above-board diplomacy. Americans, Canadians, Australians and New Zealanders understand each other naturally. There is no toadying, no frippery of rank, no false conception of worth based on mere words instead of direct action.

Brothers in arms, they may yet be brothers in the expansion of peace time pursuits.

"HACKENSACK INDEPENDENT"

One of the best weeklies coming to the Dispatch exchange table is that of the new weekly, "The Independent" just launched at Hackensack by Editor A. B. Newton.

Reading matter is abundant, the advertisements show that the whole town's business life is represented, and the paper is well printed and folded and a credit to any town five times the size of Hackensack.

Hackensack should be proud of its paper and continue to express its support in as substantial manner as accorded in the first issues.

Jack Pett Says.

A cat may look at a king, but it takes nerve for "two kings" to look at the "kitty."—Boston Transcript.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Says nothing like plain Argo-Phosphate to put on firm, solid, stay there flesh and muscle and increase strength, vim, vigor and nerve force

Physicians claim there is nothing that will increase weight, strength and endurance like organic phosphate commonly known by druggists as argo-phosphate; it is inexpensive and is sold by all leading druggists everywhere under a guarantee to give satisfaction or money refunded. Weakness and thinness are unusually due to starved nervous conditions.

Our bodies need more phosphates than are contained in the foods we eat.

If you wish a more rounded figure and plump well-developed arms, neck and bust in place of hollows you should simply take plain argo-phosphate as it builds up and re-energizes the system. It stores run-down nervous conditions, transforms the appearance and an increase in weight is often times quickly produced.

The increase in weight also aids in improving the general health. Sleeplessness, nervousness, lack of energy and ambition quickly disappear.

Pale cheeks are changed to rosy ones and dull eyes become bright.

Miss Lena Brown of Atlanta, Ga., who only weighed 99 pounds reports that she gained 19 pounds in two weeks time and says argo-phosphate has made a different person of her and she has never felt better in her life.

SPECIAL NOTICE—Owing to the fact that so many physicians and druggists are recommending argo-phosphate for relieving all nervous, worn-out debilitated conditions and the unusually large sale for argo-phosphate there will be found in the market numerous substitutes for the genuine article. All imitations are inferior preparations and owing to its unusual flesh producing qualities it should not be used by any one unless they desire to put on flesh and increase in weight.

One Hundred Per Cent 'Pep'

When your Ford car or your Ford truck doesn't display its usual quantity or quality of "pep" and dash, it's time to have a repairman who understands the Ford mechanism give it the "once over"—then make the necessary adjustments or repairs. And return it to you full of its old time power, "pep" energy, pull, and service. You'll notice the difference.

We employ only skilled Ford mechanics—men who know how Ford cars are made, and how they should be kept, in order to give the most efficient and economical service. And our shop equipment boasts a great many specially designed Ford tools and time-saving devices and machinery. In our stockroom is a complete assortment of repair parts—genuine Ford parts—that are exactly the same as their tough, sinewy originals in the Ford car.

For prompt repair work or adjustments, phone or drive to our garage. Don't risk chances, play fair with your Ford car. Keep it in the hands of its friends, the authorized Ford dealers.

We Paint Front and Rear Axle Free on Every
Job Brought in to our Shop for Repairs.

THINKING IN STRAIGHT LINES

That Is Simple Formula That Compares the Whole Secret of Thinking Successfully.

"A straight line is the shortest distance between two points." Every high-school boy learns to repeat this axiom. If more of them learned to think it we would have a greater supply of executive ability. For in these short ten words, embodied in every geometry book, is concealed the big secret of success that most of us spend all our lives trying to find.

Thinking in straight lines is the secret to thinking successfully. After the plan is made the execution is easy. So in planning department systems or in passing judgment upon systems that others have planned the first and big step is to apply to every move that we make the philosophy that is involved in this often-repeated and often-forgotten axiom.

Let me call attention first to the fact that this axiom presupposes two points: Before you can draw your straight line you must know definitely and accurately where these two points are. You must know your starting point and the objective that you wish to reach. Many people attempt to draw their paths of progress without knowing definitely from where they start or to where they want to go. That is why so many personal and business progress lines are zigzag spirals and labyrinths that do not get anywhere.—John Van Deventer, in Industrial Management.

A Poet and Poet.

W. H. Mallock, in a new book of memoirs, tells of a certain occasion when, being with Swinburne at a friend's house, Swinburne drank port wine, became talkative and told him

he came to write three poems of which he was proud. In Mallock's words: "Then, like a man waking up from a dream, Swinburne turned to our host, and said nervously, 'Can you give me another glass of port? His glass was filled, he emptied it at a single draught, and then lay back in his chair like a child who had gone to sleep, the actual fact being as his host soon recognized, he was drunk. . . . He was not, I think, temperate in the sense that he drank too much. A very little intoxicated him."

"The Colonel."

The reverence of the late Czar Nicholas for the memory of his father manifested itself occasionally in strange ways. For instance, he, the supreme chief of the Russian army, never consented to assume a higher rank in the army than that of colonel, to which he had attained under the preceding reign. This touching but somewhat puerile act of filial piety did not help his prestige in military circles, where he came to be referred to always as "the colonel," a sobriquet which in the end savored of mockery and certain disdain.—London Opinion.

"Single-Speech Hamilton."

Now that women have come into their own in politics, we cannot but wonder if we will ever have a woman orator who can equal the record of one William Gerard Hamilton, chancellor of the exchequer in Ireland in 1775.

We are told that he received the sobriquet of "Single-Speech Hamilton," because he delivered on the 13th of November, 1775, a speech which electrified the house, but after that memorable first effort he never spoke again, or rather, he should say, he never "spoke" again.—E. R. B.

October.

October is our tenth month, but the eighth in the old Roman calendar, as its name indicates. Our Saxon ancestors called it Wymemonth, or the wine month. In allusion to this name, an old writer remarks: "And albeit, they had not anciently wines made in their own country, yet in this season they had them from divers countries adjoining." In some of the ancient Saxon calendars this month is represented by a farmer carrying a sack on his shoulder and sowing grain, in allusion to the practice of sowing the winter grain.

Evening Star.

Any planet that rises before midnight is called an "evening star." If it does not rise until after midnight it is a morning star. These terms are never applied to the real stars, which are called "fixed stars," but only to planets, which are not stars.

WHAT you lose thru baking failure must be added to baking costs—it has to be paid for. Calumet Baking Powder will save you all of that. Because when you use it—there are no failures—no losses. Every baking is sweet and palatable—and stays moist, tender and delicious to the last tasty bite.

That's a big saving—but that isn't all. You save when you buy Calumet and you save when you use it.

Pure in the can - Pure in the baking

CALUMET
BAKING POWDER
"BEST BY TEST"

It is reasonable in cost and possesses more than the ordinary leavening strength. You pay less and use less. You get the most in purity, dependability and wholesomeness.

In every way — it is the best way to keep down baking costs. That's what has made it the world's biggest selling baking powder — has kept it the favorite of millions of housewives for more than thirty years.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet
Sunshine Cake
Recipe
1½ cup of butter,
1½ cups granulated sugar, 2½ cups flour, 1 cup water, 2 level teaspoons Calumet Baking Powder, 1 teaspoon lemon, yolks of 9 eggs. Then mix in the regular way.
